State of South Carolina

Office of the Governor

NIKKI R. HALEY
GOVERNOR

1205 PENDLETON STREET
COLUMBIA 29201

January 12, 2015

To the People of South Carolina and Members of the General Assembly,

Today I submit a balanced budget, my fourth since taking office, that ensures our government lives within its means like the people it serves. It is my pleasure and honor to enter a second inauguration with the support of the people of South Carolina. I look forward to this fresh opportunity to work with policymakers to improve education, economic opportunity, and the quality of life for us all.

This budget marks the fourth year that my administration has surveyed South Carolina and its government to make the difficult decisions and the critical investments necessary to move our state forward. It fully funds our state reserves and decreases the burden of annual debt service by over \$40 million. It also continues the work of previous budgets through short-term cash reserves that sustain our state's health and social service delivery systems. In the spirit of Margaret Thatcher, it approaches taxation and public spending as no more than necessary evils.

Although 2014 was deemed "the year of education", my promise to the people of South Carolina was to make progress on our schools every year. This budget delivers on that promise. Building of the four pillars of fair and simple funding, technology, public school choice, and reading, the FY 2015-16 Executive Budget continues to provide schools and educators with the resources they need to make our students successful. This budget also begins to address the durable problem of recruiting and retaining teachers in rural districts by repurposing existing financial incentives to the pressing task of shoring-up talent retention in our state's critical-needs areas.

Sustained improvements to education are not limited to the youngest children in our schools system. This budget provides substantial resources to improve equipment in local vocational and technical centers, honors and expands commitments to businesses through programs like ReadySC and other direct employment training, and makes over \$8 million available in state support for vocational training in high school through increases to base student cost in the Education Finance Act.

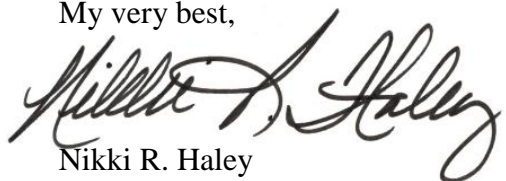

With a trained workforce, we also have to ensure that South Carolina is a place where business leaders want to work and play, but also where they want to live. Ultimately, our first-class technical colleges and valuable natural resources will not allow us to recruit and retain high-performing businesses unless our communities and homes are safe. Accordingly, I have recommended that we take a targeted approach to enhancing law enforcement and prosecutorial capacity. Smart additions to violent and sex crimes prosecutors under the Attorney General, circuit solicitor support, and

statewide forensics and special victims agents will make us more responsive to individuals and communities in distress. Expanding statewide DUI teams at the Highway Patrol and decreasing caseloads for probation and parole agents will keep those who have already chosen to break the law from operating freely in our communities. Other activities, such as the proactive monitoring of prescription drugs through the Department of Health and Environmental Control should allow us to target centers of illegal activity before they flare-up into our communities.

Finally, this budget marks the fourth year I have committed to ensuring that the most vulnerable citizens of our state receive the health outcomes and public protection they need to thrive in our communities. I have recommended that the Department of Social Services receive support for over 200 child protective services caseworkers, that those human service professionals be compensated in a way that allows us to retain them, and that they receive the training and support needed to protect children who have been victims of abuse or neglect every day. For those with special needs, The Departments of Health and Human Services, Mental Health, and Disabilities and Special Needs will all see continued investment to reduce waiting lists for services and require improved health outcomes from health providers statewide.

Thank you for the opportunity to serve as Governor of the greatest state in our union. The challenges we successfully face together every day will reap rewards for future generations and make every day a great day in South Carolina. God bless.

My very best,

Creating Success in South Carolina's Schools

Commonsense Reform for South Carolina's Children

Since the beginning of her administration, Governor Haley has advocated for the single most important education reform that can move South Carolina's education system forward: amending South Carolina's Constitution to allow the Governor to appoint the Superintendent of Education.

Education data has shown that a more direct relationship between a state's chief executive and chief education officials relates to better education outcomes and lower achievement gaps. This evidence is the strongest when a Governor appoints the chief education official, but does not appear to be as significant when the Governor's only authority is over state Board of Education appointments.

Although the Haley administration will not have the opportunity to benefit from the stronger accountability this change to education governance would bring, it is nonetheless her highest education reform priority. This decision should be put to the people of South Carolina on the November 8, 2016 ballot.

Building on Educational Success

On January 8, 2014, Governor Haley unveiled a set of education reforms designed to address many of the challenges and inequities faced by South Carolina's students. These reforms were broadly accepted by the people of South Carolina, educators, and the General Assembly, and were almost all signed into law last year. Based on the four pillars of fair and simple funding, focusing on reading, access to educational technology, and high-quality public school choice, last year's education reform package has proved to be a smart investment in our state's future.

The FY 2015-16 Executive Budget seeks to capitalize on the success of last year's framework by making additional investments in education to secure and build upon last year's success. In addition, Governor Haley has added a focus on the recruitment and retention of teachers to South Carolina's rural and underserved districts.

Fair and Simple Education Funding

Since the advent of the Education Finance Act (EFA) in 1977, there have been three major funding changes that lessened the share of the EFA as a portion of the state's total support for education:

- The Education Improvement Act of 1984 added an additional sales tax to state education funding.
- The Education Lottery Act of 2001 provided non-tax revenue for educational purposes.
- Act 288 of 2006 provided for a property tax–sales tax swap that shifted funding from local governments to the state.

Although South Carolina's education system has become more fragmented and programmatic, most fund sources are ultimately distributed in a pattern similar to the EFA. This process adds additional administrative burdens to districts, with only marginal differences in funding outcomes. The FY 2015-16 Executive Budget proposes to continue simplifying funding to

districts by eliminating two lottery funding streams to districts, the grades K-5 and 6-8 math, science, and social studies programs and instead distribute funding for this basic curriculum through the EFA.

In addition, the funds available through funding simplification, an additional \$51 million in General Funds will not only sustain base student cost at \$2,120, but increase it to \$2,200. An additional \$8.5 million in recurring support for district transition payments will build in funding to offset the small structural funding shortfalls that may be caused by serially consolidating funding streams into the EFA. Maintaining progress on this effort every year will not only simplify funding for school districts, it will move us closer to the standards set in the EFA.

Emphasizing Reading

When Governor Haley signed South Carolina's Read to Succeed program into law in June of 2014, she reinforced the importance of this basic skill to lifelong learning by noting:

"If a child can't read by the third grade they are four times less likely to graduate on time...they can do everything possible if we take the time to say, 'We need to make sure that these children can read.'"

With South Carolina just three short years away from full implementation of Read to Succeed, including the retention of third graders who are unable to read at grade level for further instruction, Governor Haley believes that South Carolina's students and educators deserve every tool we can provide to make implementation successful. To build on the success we're currently seeing in schools with reading coaches, Governor Haley is proposing an additional \$10 million in recurring support for reading, in the following areas:

- \$6.4 million to double the state's reading coach investment in schools with greater than 30 students who score "not met" on the state's most recent reading assessments.

- Up to \$3.5 million in dedicated professional development funding. First priority will be given to the training and certification of reading coaches, then to reading professional development for all teachers at the district's discretion.
- Just under \$1 million to support the state's Read to Succeed office that provides professional development, program coordination, and technical assistance to districts.

Technology and Vocational Education

Stemming from her original commitment to fulfill the Education Oversight Committee and K12 Technology Committee's recommendations for at least \$97 million in technology investments to improve broadband access and 1-to-1 computing initiatives, the FY 2015-16 Executive Budget contains a second year of \$29.3 million for distribution to districts for technology initiatives. The Executive Budget further provides districts and the State Department of Education with sufficient flexibility to purchase digital instructional materials or make investments in data security to meet the specific needs of their schools.

The Executive Budget also proposes to fund an expansion of core science and engineering curriculum at the Governor's School for Math and Science (GSSM). This partnership with Clemson University will not only enhance educational opportunities for those students attending GSSM, but virtual education technology leveraged by the school will provide access to this curriculum to a dozen districts statewide.

High-quality Public School Choice

The success and development of South Carolina's charter schools are a testament to how small groups of dedicated parents, educators, and policymakers can transform the landscape of education in a state. With the passage of Act 288 of 2014, charters will have the opportunity to take on our state's most challenging students without fear of reprisal, but charters generally will be required to meet the same, if not higher, standards than their counterparts statewide. The Executive Budget accordingly supports full EFA funding for Charters to accommodate new and expanding schools to the South Carolina Public Charter School District, but also fully funds the districts' supplement with \$11,877,927 in funding from the Education Improvement Act (EIA).

One area of school choice where South Carolina has lagged is in our ability to attract some of the most professional and distinguished organizations that manage "brick-and-mortar" charter schools. In order to provide more opportunities for excellent education to South Carolina's students and avoid past pitfalls associated with state intervention in district operations, the Executive Budget proposes that Superintendent of Education have the authority to contract with a third party charter school operator, virtual or brick-and-mortar, when exercising her emergency powers under S.C. Code §59-18-1570.

Teacher Quality and Recruitment

One of the greatest challenges facing South Carolina's rural and underserved districts is a persistent inability to recruit and retain teachers. Data from South Carolina's Center for Educator Recruitment, Retention, and Advancement (CERRA) indicates that districts annually lost roughly one-third of all new teachers before their fifth year. The state's most recent teacher supply and demand survey indicates that over a dozen districts routinely lose one-eighth or more of their workforce a year and half of all districts lose at least one out of every ten teachers annually.

The Executive Budget proposes to address this issue by charging CERRA with the responsibility of developing and implementing, in conjunction with the Department of Education, the Commission on Higher Education, and Education Oversight Committee, a rural teacher recruitment initiative focused around five core incentives.

Homegrown Teacher Initiative. This incentive offers high-school students who graduate from an eligible district four years of subsidized tuition at any public college or university in the state in exchange for not less than two years of teaching in their home district or another eligible district.

Enhanced Student Loan Repayment. Eligible teachers receive up to \$7,500 per year in direct student loan repayment in exchange for one year of teaching in an eligible district for up to 5 years.

Rural Educator Salary Supplement. Educators with less than five years' experience who have not yet secured employment or who choose to relocate from an ineligible district may receive a stipend sufficient to increase their salary an equivalent of five years additional experience on their district salary schedule, up to the ten year experience pay scale. Educators are eligible to continue to receive this supplement until their tenth year of teaching experience.

Graduate Degrees for Career Educators. Educators with more than five, but less than ten years teaching experience may receive up to two full years of tuition in support of a graduate degree at any public college or university in the state in exchange for a two year teaching commitment for each year of graduate education subsidized.

Teaching Mentors. CERRA may fund the recruitment and training of teaching mentors with at least eight years classroom experience to provide mentorship, support, and training for newer teachers in eligible districts. During the first five years of service, mentors in eligible districts may also receive a salary stipend of \$5,000 to compensate for the extra time and effort that goes into mentoring colleagues.

District eligibility in the inaugural year will be limited to the 1 out of 4 districts in South Carolina that averages greater than 12% annual turnover, as indicated by the most recent five year evaluation of teacher supply and demand. The program will be funded with an initial \$1,500,000 allocation in the EIA. The Executive Budget proposes to sustain this program by closing the National Board Certification incentive and progressively diverting funds from the National Board to rural teacher incentives as eligible National Board certificate holders cycle out of the stipend.

Social Services Reform

The South Carolina Department of Social Services (DSS) addresses a broad spectrum of family and community issues through the over 800 child protective service workers at work in the state’s communities every day. Other divisions within the department address equally difficult issues, from addressing generational poverty through the Welfare to Work program or ensuring financial commitments to families are met through the Child Support Enforcement Program.

In 2014, Governor Haley unveiled a reform plan for child protective service delivery, including

- Hiring new caseworkers and human service specialists to meet the needs of our communities,
- Enhancing training for human service professionals so they recognize the signs of high-risk families,
- Dedicating staff to improved coordination with law enforcement,
- Improving communication with law enforcement, mental health, and addiction professionals to wrap services around families, and
- Regionalizing intake of abuse or neglect reports to improve the consistency and quality of risk assessments.

Understanding that these reforms focus on the highest-need areas of the state, the Executive Budget’s proposal steps back to address the statewide needs of our social service delivery system. These reforms and investments will bring stability and predictability to the system, and will support the Department’s initiative to support uniform statewide workloads.

Caseworker Recruiting and Retention

One of the issues identified by Governor Haley in a year-long evaluation of the Department is the challenge of recruiting and retaining high-quality caseworkers. These highly qualified public servants, many with graduate educations, receive compensation well below that offered by other state agencies or private-sector employers.

This budget recommends sufficient funding for a ten percent increase in base pay for all human service professionals to aid retention. It also funds over 200 child protective caseworkers and over 60 caseworker assistants to reduce caseloads statewide. The caseworker assistants will perform duties that do not necessarily require the judgment and experience of a certified caseworker, but are nonetheless critical to protecting children. This will allow primary caseworkers to focus on tasks that require their unique skill sets and expertise.

Child Service Accountability

Effective apolitical oversight of social service programs provides the second set of eyes managers need to objectively evaluate the effectiveness of policies, practices, and outcomes. The budget proposes to fund staff through DSS in support of the Statewide Child Fatality Advisory Committee and the establishment of multidisciplinary review and advisory committees in communities across the state.

Information Technology and Data-Driven Risk Assessments

Reliable information about conditions, workload, and personnel effectiveness is necessary for local managers and state leaders to understand conditions in county DSS offices and reallocate resources across offices in response to changing workloads and community risk. The budget proposes \$350,000 in recurring funds to reengineer and improve the Children and Adults Protective Service System (CAPSS), as well as \$290,875 in state funds to develop and implement a comprehensive risk analysis tool for human service workers evaluating the intake and classification of reports of child abuse and neglect.

Adult Protection Enhancements

South Carolina's institutionalized, elderly, or emotionally and mentally challenged citizens have difference needs than children at-risk for abuse or exploitation. Accordingly, the Executive Budget proposes \$405,000 to augment Adult Protective Services at DSS, to restore two ombudsmen personnel within the Lieutenant Governor's Office on Aging, and to fully fund with \$529,827 the Vulnerable Adult Guardian ad Litem program signed into law by Governor Haley on May 16, 2014.

Building Safe Communities

The Haley Administration has demonstrated a sustained commitment to making South Carolina’s communities safer for all citizens. This commitment is based in part by an understanding that we have a moral obligation to protect the most vulnerable citizens from exploitation or violence, and a need as a society to keep the most dangerous individuals off the streets. This commitment has been expressed through supporting funding for law enforcement, prosecutors, and the judicial system, as well as investments in education, mental health, and addiction services to address the social determinants of crime. Finally, supporting a safe and forward-looking corrections and penology system allows our corrections professionals to go home to their families every day and prevents our prisons from becoming a revolving door for career offenders.

Conversation on Domestic Violence

In December 2014, Governor Haley hosted nationally recognized domestic violence prevention advocate Kit Gruelle in the Statehouse to share with policymakers the drivers and signs of domestic violence, as well as the tools of prevention. Governor Haley took Ms. Gruelle’s message that criminal domestic violence is, “the one homicide that is preventable because we can follow the trajectory.” With this in mind, the Governor established a Domestic Violence Task Force to find South Carolina solutions to this problem that must be addressed culturally as much as it is through legislation and enforcement.

The FY 2015-16 Executive Budget supports this important initiative by reaffirming the Haley Administration’s sustained commitment to law enforcement, public safety, and an effective judicial system.

Improving Child Advocacy

Guardians ad Litem serve as the mature and reasoned voice for children who have been abused, neglected, have exceptional needs, or who are enduring fractures in their family system. These volunteers selflessly elect to fight on behalf of children with whom they have no familial or community bond, and are under acknowledged and underappreciated components of our statewide child advocacy system. Over the past five years, the Guardian ad Litem program in the Office of Executive Policy and Programs has seen a significant increase in demand for child advocacy volunteers. Revisions to court rule 608 both increased the expenses to the program for legal representation and increased the scope of service by mandating representation for an increased number of children annually.

The Executive Budget proposes \$2.2 million in recurring funding for the Guardian ad Litem program to increase the number of state volunteer trainers and recruiters, as well as make many current temporary grant positions permanent with the aim to improve recruitment and retention. This will allow South Carolina to move closer to national Court Appointed Special Advocates (CASA) standards for volunteer support and improve the effectiveness of child advocacy in our court system statewide.

Sustained Commitments to Law Enforcement and Prosecution

During the most recent economic downturn, state law enforcement and prosecutorial capacity bore major reductions in state financial support. The Haley Administration has recommended, and the General Assembly has delivered, significant restoration to these essential public services. With related agencies functioning at or near prior year capacities, the FY 2015-16 Executive Budget proposes targeted support for our community law enforcement and prosecuting authorities.

- 44 probation and parole agents to reduce caseloads statewide and improve accountability of known offenders.
- \$1,600,000 for additional prosecuting capacity in the states 16 judicial circuits.
- 11 agents for the State Law Enforcement Division, including 1 in the Special Victim’s Unit, 2 vulnerable adult investigators, and 2 forensic criminalists.
- 4 attorneys in the Attorney General’s Office, including 1 violent crime prosecutor and 2 sex crimes prosecutors.

Finally, the FY 2015-16 Executive Budget recommends addressing pressing mental health service needs in our statewide prison system with over \$4 million in recurring support to expand the Department of Corrections’ internal capacity to diagnose and treat inmates with mental illness, provide onsite medical services and establish remote supervision of inmate areas to enhance officer safety and improve accountability for both inmates and officers. These changes will both improve the effectiveness our officers and the safety of dedicated public servants working in our prisons.

Delivering Effective and Sustainable Health Services

Responsible Program Management

The South Carolina Department of Health and Human Services (HHS) has been one of the great successes of the Haley Administration. Moving from an inherited deficit in 2011, the agency has significantly improved its recurring financial position, maintained a health program that meets the needs of South Carolina's citizens, and established conservative financial reserves.

The success of HHS, along with Governor Haley's sustained commitment to community mental health services and services for our most vulnerable disabled citizens, demonstrates that states are best positioned to determine the service needs of their citizens. It further underscores that responsible management of these service programs requires the cooperation of the Executive Branch and General Assembly. In order to continue providing sustainable health services to South Carolina's citizens, the FY 2105-16 Executive Budget proposes funding for the state's health agencies that broadly fits into two categories: ensuring program sustainability and meeting our commitments to the most vulnerable.

Ensuring Program Sustainability

First, the Executive Budget proposes to improve the sustainability of health services funding by annualizing \$30 million funded out of agency reserves in FY 2014-15 and \$13 million to replace approximately half of the revenues lost as a result of decreased funding from tobacco sources. The Executive Budget also proposes to reduce expenditures on programs funded only from state reserves as required in proviso 33.22. This is the first of what will be a multi-year commitment ensuring South Carolina's Medicaid program is sustainable both on a recurring basis and in its ability to withstand future fiscal pressures with a reasonable reserve.

The Department of Health and Human Services is not the only focus of sustainable funding in the FY 2015-16 Executive Budget. Governor Haley proposes \$3.4 million for the Department of Mental Health to end its dependency on prior-year Medicaid cost settlements for operating revenue and \$3 million for the Department of Disabilities and Special Needs to provide needed cost-of-living adjustments to local providers and ensure statewide access to disability services.

The Executive Budget further proposes to identify agencies that fund a significant volume of Medicaid-eligible services and transfer the state match into the Department of Health and Human Services. This approach to funding would bring greater central accountability to our health delivery program and would improve the state's compliance with statutory guidelines for managing the Medicaid Program. This year, the Department of Social Services will transfer \$6.6 million and the Continuum of Care for emotionally disturbed children will transfer \$341,036 to the Department of Health and Human Services. Approximately \$170 million of the Department of Disabilities and Special Needs' budget is used to match federal Medicaid funding. Accordingly, the Executive Budget proposes a \$1 line in HHS's appropriation and a proviso that requires the agencies to implement a permanent match transfer plan that does not interrupt DDSN's business operations.

Meeting Our Commitments to the Most Vulnerable

Second, the Executive Budget proposes to continue Governor Haley’s commitment to community mental health services and disabled citizens by continuing a fourth year of sustained investment in programs in our service agencies.

The Department of Mental Health serves an important role through the forensic examination and treatment of patients who are involved with the state’s criminal justice system. The Executive Budget proposes that this program (\$3,200,000) be fully funded to prevent resource diversion from other programs, along with the Department’s work in Emergency Department telepsychiatry (\$500,000), school-based mental health services (\$500,000), and community supportive housing (\$400,000).

Early intervention for individuals with autism and those with the need for behavioral therapy is a critical component of long-term success in social and academic settings. The Executive Budget proposes to add an additional 1,600 slots under various Medicaid waiver programs and to begin implementation of expanded coverage for all individuals with autism spectrum disorder. This initiative will be complemented at the Department of Disabilities and Special Needs with an increase in 100 state-funded behavioral therapy slots, and \$600,000 for individuals to transition from institutional to less restrictive settings.

Wil Lou Gray Opportunity School

The Wil Lou Gray Opportunity School has educated and provided vocational and life skills training to more than 31,000 citizens of South Carolina. The School consists of both educational and residential components that are premised upon leadership, teamwork and self-discipline as taught and modeled within a -military framework. While the delivery method of the Wil Lou gray Opportunity School has been reshaped, our theme of motivating the “at-risk” student into a productive, employable young adult has remained unchanged since 1921.

John de la Howe School

The John de la Howe School provides a range of services for at-risk children and youth ages 12-18 who are facing emotional, behavioral or academic challenges. Residential care is provided in a rural farm setting in McCormick County, located on the western border of South Carolina near the Savannah River. The average length of stay is 9 to 18 months, during which children and their families focus on new approaches to positive interaction, relationship building and attention to academic learning.

The Agency organizes its efforts around six goal areas: Improving the cost effectiveness of services; Improving the efficiency of services; Improving public awareness of agency services and accomplishments; Improving the achievement levels of youth exiting the program; Strengthening family interaction and support for youth; and Improving youth awareness and responsibility for emotions, behaviors and life skills to ensure they do not become part of the penal system or social welfare system.

Recommended Appropriations

The Governor's FY 2015-16 Executive Budget recommends:

- ✿ \$31,611 in recurring support for a part-time consulting Superintendent to address the agency's most pressing accreditation needs.
- ✿ A one-time allocation of \$115,000 from the Capital Reserve Fund to perform maintenance on two student housing units.

CAPITAL RESERVE FUND

Student Cottage Maintenance	\$ 115,000

Provisos

- ✿ There are 5 provisos in this section; the budget proposes to amend 1, and delete 2.

# / ACTION	TITLE / DESCRIPTION
7.2	Campus Private Residence Leases
Amend	<i>This proviso authorizes the John de la Howe School to lease private residences to its employees, with relatively few restrictions. The proposed amendments would impose reporting requirements and require that rates be market-based.</i>
7.4	Capacity
Delete	<i>This proviso calls for the School to be brought to full capacity. Since the school was rated "At Risk" in 2011, 2013, and 2014 and failed to file the required information for evaluation purposes in 2012, it may not be appropriate to expand enrollment at present.</i>

7.5 Administration

Delete This proviso established a Chief Operating Officer for John de la Howe and a process for the review and evaluation of the school’s practices and effectiveness. The relevant evaluations are complete and have been submitted accordingly. The Executive Budget proposes deleting this proviso and allowing John de la Howe to be monitored for effectiveness in a manner consistent with the state’s other special-mission schools.

Commission on Higher Education

The South Carolina Commission on Higher Education serves as the coordinating board for SC's 33 public institutions of higher learning. It acts both as an advocate for higher education and an oversight entity on behalf of the General Assembly. The Commission is responsible for assuring a balance between student and taxpayer interests and institutional policies, aspirations, and needs.

Recommended Appropriations

The Governor's FY 2015-16 Executive Budget recommends:

- ✿ Appropriating \$85,000 to establish a scholarship compliance auditor as recommended by the Legislative Audit Council's recent audit of the state's education lottery program.
- ✿ Maintaining SREB contract programs with an increase of \$229,340 in recurring support.
- ✿ \$95,000 to support the Commission's data security initiatives.
- ✿ That the Commission distribute \$30,000,000 in nonrecurring funds from the Capital Reserve Fund for university deferred maintenance to the state's four-year colleges and universities on an in-state undergraduate per-capita student basis.
- ✿ Repurposing the Performance Funding appropriation from its current role as an earmark for special projects to establishing an Accountability-Based Funding model for our state's colleges and universities.

CAPITAL RESERVE FUND

University Deferred Maintenance Fund	\$ 30,000,000
--------------------------------------	---------------

Provisos

- ✿ There are 19 provisos in this section; the budget proposes to codify 2, delete 2, amend 1, and establish 1.

# / ACTION	TITLE / DESCRIPTION
------------	---------------------

11.7	Performance Improvement Pool Allocation
-------------	--

Amend	<i>This proviso was historically responsible for allocating performance-based funding; it has since been converted into a mechanism for distributing funds to a pair of special projects. The Executive Budget proposes to amend this proviso and instead move toward Accountability-Based Funding for South Carolina's public colleges and universities.</i>
-------	---

11.8	Troop-to-Teachers
-------------	--------------------------

Codify	<i>The Troop-to-Teachers program provides an alternative path to teacher certification for current and former members of the Armed Forces. Since FY 2002-03, this proviso has granted in-state tuition rates (at participating institutions) for non-resident participants. This is a substantive</i>
--------	---

policy decision that belongs in permanent law.

11.11	LIFE and Palmetto Fellows Enhancement Stipends
Codify	<i>This proviso obligates students to certify their continued eligibility for LIFE and Palmetto Fellows Enhancement Stipends prior to receiving awards in the fall and compels institutions to verify, subject to CHE audit. Any funds awarded to ineligible students must be returned to the state.</i>

11.14	SCNG CAP Carry Forward
Delete	<i>This proviso authorizes the Commission to carry forward unexpended funds appropriated for the National Guard College Assistance Program into successive fiscal years. This authority was codified in Act 151 of 2014, rendering this proviso unnecessary.</i>

11.16	Mission, Ethics, and Values Statements
Delete	<i>This proviso requires all public colleges and universities to submit a report detailing the mission, ethics, and values statements to the General Assembly no later than January 3, 2015. The Executive Budget proposes to delete this one-time proviso.</i>

11.19*	SmartState Draw Down
Establish	<i>This proviso would clarify the process for institutions to draw-down Smart State funds after having produced the non-state match. The Commission on Higher Education's proposed language would also prevent the need for institutions to seek approval from the Other Funds Oversight Committee in order to use these funds.</i>

Department of Health and Human Services

The South Carolina Department of Health and Human Services is the state's designated agency to manage South Carolina's joint state-federal Medicaid program. The agency provides many of South Carolina's most vulnerable citizens with the resources to have healthy lives and be members of healthy communities.

Recommended Appropriations

The Governor's FY 2015-16 Executive Budget recommends:

- ✿ Annualizing funding for programs that were supported with agency reserves or diminishing revenue sources in FY 2014-15.
 - \$30,000,000 to annualize approximately half of agency reserves used in FY 2014-15.
 - \$13,018,069 to replace revenues from diminishing cigarette tax revenues and those received by the Tobacco Master Settlement Authority.
- ✿ Continuation of programs established in the previous fiscal year.
 - \$3,847,469 to implement an enhanced physician fee schedule.
 - \$11,075,060 to accommodate increases in enrollment for the current Medicaid Program.
 - \$3,831,974 to annualize current programs including adult dental care, healthy checkups, and other preventative medicine.
- ✿ Transferring Medicaid state match from state agencies to continue the elimination of the use of certified public expenditures (CPEs).
 - \$6,644,907 from the Department of Social Services.
 - \$341,046 from the Continuum of Care for Emotionally Disturbed Children.
 - \$1 from the Department of Disabilities and Special needs, along with proviso language that requires the agencies to negotiate the total amount of the transfer from DDSN's appropriation. The agencies will also be required to sign an MOU no later than December 1, 2015 detailing a plan to execute that transfer in a manner that minimizes its effect to DDSN's cash position.
- ✿ Continued progress on securing services for South Carolina's most vulnerable and disabled citizens.
 - \$7,880,538 to improve access to children's mental health services statewide.
 - \$6,989,467 to continue to reduce waiting lists by 1,600 children in need of behavioral therapy or community residential disability services.
 - \$4,863,781 to fund the first year of expanded coverage for individuals with Autism Spectrum Disorder.
- ✿ A one-time allocation of 9,487,993 from the Capital Reserve Fund for various technology improvements for the agency, as detailed below.

Provisos

- ✿ There are 30 provisos in this section; the budget proposes to amend 2 (including 1 for technical reasons), delete 5, and establish 1.

# / ACTION	TITLE / DESCRIPTION
33.15	Medicaid Cost and Quality Effectiveness
Delete	<i>This proviso requires the Department to produce annual reports on the cost effectiveness and quality of delivery of medical services under the variety of medical delivery systems employed in its network. The Executive Budget supports the agency's request to delete this proviso given the predominant use of managed care plans to serve its clients.</i>
33.22	Medicaid Accountability and Quality Improvement Initiative
Amend	<i>This proviso was originally designed to promote innovation in rural and underserved communities has grown significantly and now includes a number of earmarks for state agencies and private health providers. The Executive Budget proposes to step-down several of these programs as part of a multi-year funding sustainability plan.</i>
33.24	Medicaid Non-Emergency Medical Transportation
Delete	<i>This proviso directs the Department to procure transportation services using an efficient, cost-effective, and inclusive competitive bidding process. This procurement is underway and will be complete by the end of FY 2014-15. The Executive Budget supports the agency's request to delete this one-time proviso.</i>
33.26	Healthy Connections Prime
Delete	<i>This proviso required the Department to request a delay in the July 1, 2014 implementation of its demonstration for dual eligible beneficiaries known as "Healthy Connections Prime" from the Centers for Medicare and Medicaid Services. The Executive Budget supports the Department's request to delete this proviso because Healthy Connections Prime is scheduled to begin in February 2015.</i>
33.27	Hospital Transformation Plans
Amend (Technical)	<i>This proviso directs the Department to work with hospitals in rural or underserved areas to update their business models and service delivery systems to ensure long-term sustainability and access to care in their constituent communities. It contains a fiscal year reference that must be updated.</i>
33.28	Armed Services Home and Community Based Waiver
Delete	<i>This proviso directs the agency to maintain the waiver status of beneficiaries who are members of military families should those beneficiaries leave, and then return to South Carolina. This proviso was codified in Act 289 of 2014, rendering it unnecessary.</i>

33.29 **Child Support Enforcement System**

Delete *This proviso directed the transfer of \$3,000,000 to the Department of Social Services for the development of the Child Support Enforcement System. This transfer has already occurred, and the Executive Budget fully funds CSES implementation elsewhere. This proviso is not necessary.*

33.30* **Medicaid Match Transfer**

Establish *This proviso directs the Department of Health and Human Services (DHHS) and the Department of Disabilities and Special Needs (DDSN), by October 1, 2015, to agree on a process and timeline for permanently transferring state funds used as match for the Medicaid program from DDSN to DHHS.*

Goals and Objectives

		STRATEGIES	OBJECTIVES
GOAL 1	Succeed Financially	1.1 Ensure expenditures are within 0% to -3% of appropriation.	1.1.1 Monitor expenditures, enrollment trends, and other cost drivers on a monthly basis to ensure spending is within 0 to -3% of appropriation.
		1.2 Maintain a PMPM growth due to health care cost increases that are lower than the national health care cost growth (CPI).	1.2.1 Implement utilization management, benefit coverage, and provider networking tools to ensure the delivery of cost-effective, high value care.
		1.3 Implement internal controls to avoid third party audit findings.	1.3.1 Assess and document deficiencies that could relate to a third party audit finding. Develop and implement related internal controls.
GOAL 2	Excel Operationally	2.1 Ensure median processing time for 100% of MAGI applications occurs within 5 business days.	2.1.1 Establish performance standards for MAGI eligibility workers and hold staff accountable. Cross train staff so that as we monitor application volume, we have staff available to deploy to MAGI applications as needed.
		2.2 Increase online applications by 50% in FY 15. Increase automated renewals by 50% in FY 15.	2.2.1 Go-live with ACCESS eligibility system which supports online applications. Publicize online capabilities. Customer service and support available to applicants to encourage online applications and renewals.
		2.3 Ensure timely handling of provider claims issues. Maintain average resolution less than 14 days and provide resolution for 98% of disputes within 21 days.	2.3.1 Change the resolution process so that staff determine the root cause and work with MMIS systems or policy staff to prevent similar future claims issues.
			2.3.2 Improve claims resolution process documentation so that claims can be resolved more quickly and a greater number of claims issues can be resolved at the first point of contact.
			2.3.3 Proactively monitor claims edits and automatically resolve issues prior to providers having to contact DHHS.
			2.3.4 Addition of process-driven tracking and automated escalation of untimely responses.

		STRATEGIES	OBJECTIVES
GOAL 3	Deliver Value	<p>3.1</p> <p>Reduction in C-section rates: in 2015 show a decrease in non-medically necessary C-section rates by 2% from the state average of 34%.</p>	<p>3.1.1</p> <p>Educational campaign through BOI to providers, hospitals, patients and labor and delivery nurses to include webinars, SimCoach training, ACOG and SMFM physician pocket cards and one page patient education trifold.</p>
		<p>3.2</p> <p>Adoption of a non-FFS payment structure for at least 5% of provider payments.</p>	<p>3.2.1</p> <p>Incentivize managed care plans to contract with providers via value-oriented (rather than traditional FFS) agreements.</p>
		<p>3.3</p> <p>Improvement of statewide quality measures (as determined by IFS quarterly reporting) at or above 75% on the National Benchmark for quality metrics.</p>	<p>3.3.1</p> <p>Monitor quality metrics on a quarterly basis. Incentivize health plans, through the withhold and bonus program, to improve the quality of care provided to Medicaid beneficiaries.</p>
		<p>3.4</p> <p>Achieve Healthy Connections Checkup enrollment of 200,000 people.</p>	<p>3.4.1</p> <p>The agency will engage in outreach to bring in more Checkup eligible beneficiaries focusing especially on the under-served male population of this category. SCDHHS is partnering with state agencies and organizations that serve South Carolina men in order to enroll this target group.</p>
GOAL 4	Innovate & Lead	<p>4.1</p> <p>Develop baselines for staff retention across the organization to monitor against industry standards and increase retention by at least 10% in FY16.</p>	<p>4.1.1</p> <p>The agency will evaluate staff retention, compare it against comparable health-industry standards and work to improve retention in critical workforce areas.</p>
		<p>4.2</p> <p>Improve employee engagement scoring from FY14 baseline levels by at least 5 percentage points in FY15.</p>	<p>4.2.1</p> <p>The agency will complete annual employee engagement surveys and will work to improve the employee engagement of staff.</p>
		<p>4.3</p> <p>Administer and receive 100% metric-driven and timely EPMS evaluations, including employee self-evaluations.</p>	<p>4.3.1</p> <p>The agency will ensure EPMS evaluations are based on metrics tied to the balance scorecard and the agency's performance metrics.</p>

35.4	McCormick Satellite Clinic
Delete	<i>This proviso directs \$250,000 to be used for a satellite community mental health clinic in McCormick County. Department of Disabilities and Special Needs

The South Carolina Department of Disabilities and Special Needs is the state agency that plans, develops, oversees and funds services for South Carolinians with severe, lifelong disabilities of intellectual disability, autism, traumatic brain injury and spinal cord injury and conditions related to each of these four disabilities. The agency's mission is to assist people with disabilities and their families in meeting needs, pursuing possibilities and achieving life goals, and to minimize the occurrence and reduce the severity of disabilities through prevention.

Recommended Appropriations

The Governor's FY 2015-16 Executive Budget recommends:

- ✿ That direct care workers and local providers be allocated cost of living increases with \$3,000,000 in support of safe, high quality care.
- ✿ Expansion of 100 state-funded slots for individuals on waiting lists for community behavioral health services with \$1,209,600 in recurring support in addition to Medicaid waiver slots funded at the Department of Health and Human Services.
- ✿ \$1,100,000 for statewide services that promote independence, including \$600,000 to aid transitions to less restrictive care settings and \$500,000 for the post-acute spinal cord and head injury rehabilitation program.
- ✿ Improving the agency's information security and technology infrastructure with \$250,000 in General Funds.
- ✿ Transferring the Department's Medicaid state match to the Department of Health and Human Services (DHHS). The Executive Budget establishes a \$1 line in DHHS's appropriation and a process for executing the total transfer.

Department of Social Services

The South Carolina Department of Social Services (DSS), as one of the largest public agencies in the state, provides a vast array of services such as the investigation of child and vulnerable adult abuse reports, the distribution of food assistance to hungry families, the collection of child support for custodial parents, and the staffing of emergency shelters. The agency's mission is to effectively and efficiently serve the citizens of South Carolina by ensuring the safety of children and adults who cannot protect themselves and helping families achieve stability through child support, child care, financial and other temporary benefits while transitioning into employment.

Recommended Appropriations

The Governor's FY 2015-16 Executive Budget recommends:

- ✿ Implementing Governor Haley's child protective services reform plan, with:
 - \$3,967,161 to recruit 202 child protective services caseworkers to decrease caseloads and improve service quality statewide.
 - \$1,399,371 to hire 65 caseworker assistants, allowing certified human service professionals to focus on risk management and direct care services.
 - \$1,839,472 to increase base human service salaries, making the Department more competitive with other human service employers.
 - \$150,885 to staff child fatality review programs, enhance disaster response services, and augment statewide citizen and constituent services and \$290,875 from the Capital Reserve Fund to establish a comprehensive child endangerment risk management system.
 - \$264,954 to provide mandated employee benefits to certain part-time human service employees.
- ✿ Augmenting the agency's information security, technology, and programmatic software infrastructure, including:
 - \$7,200,000 in recurring support for the comprehensive development and implementation of the Child Support Enforcement System.
 - \$1,064,975 to improve information technology infrastructure and \$972,029 from the Capital Reserve fund to address IT infrastructure needs.
- ✿ Continued enhancements to the state's vulnerable adult protection programs with \$405,104 for 35 Adult Protective Services (APS) caseworkers.
- ✿ Consolidating Medicaid state match into the Department of Health and Human Services with a transfer of \$6,644,907.

Provisos

✿ There are 26 provisos in this section; the budget proposes to amend 1, codify 4, and delete 4.

# / ACTION	TITLE / DESCRIPTION
38.5	Court Examiner Service Exemption
Codify	<i>This proviso prohibits DSS employees fully or partially paid with federal funds from serving as court examiners, which could potentially jeopardize the state's ability to draw federal dollars for their efforts. Federal policies in this arena are unlikely to change for the foreseeable future; therefore, the proviso should be codified.</i>
38.6	TANF Advance Funds
Codify	<i>This proviso authorizes the Department to use General Funds to advance payments to TANF recipients so that benefits are not interrupted while waiting for Federal Funds to materialize. This permits the Department to manage its cash flow in a manner that protects the beneficiaries of this program and should be codified.</i>
38.9	TANF – Immunizations Certificates
Codify	<i>This proviso directs DSS to obtain proof that the children of TANF applicants and recipients have received age-appropriate immunizations. This language is important to promoting child welfare and should be incorporated into permanent law.</i>
38.18	Child Care Voucher
Amend	<i>This proviso states that funds provided to the Department for child care vouchers must be used to enroll eligible children in facilities that meet the state's minimum licensing standards, but includes a passage allowing the Department to waive those quality standards on a case-by-case basis. The Executive Budget proposes that this waiver be eliminated. State funds should not be used to place children in centers that fail to meet basic quality standards.</i>
38.19	Meals in Emergency Operations
Codify	<i>Several agencies currently have provisos enabling them to cover the costs of employees' meals whenever they are not permitted to leave their stations and are required to work during actual emergencies, emergency situation exercises, and when the Governor declares a state of emergency. The Executive Budget proposes to codify this provision wherever it appears out of respect to the State's first responders.</i>
38.23	SNAP Coupons
Delete	<i>This proviso directed the Department to establish a program that it is now implementing in association with the Department of Health and Environmental Control.</i>

38.24 Federally Certified Child Support Enforcement System Project

Delete *This proviso abolished an ad-hoc committee originally charged with steering and oversight of the implementation of the Child Support Enforcement System (CSES). This Committee has been abolished and the Department has taken sole responsibility for implementation of CSES.*

38.25 New SNAP Debit Card Accountability Features

Delete *This proviso required the Department to produce a report on enhancing fraud prevention features of certain electronic benefit cards by December 1, 2014. The report is completed, rendering this proviso unnecessary.*

38.26 Contracting Best Practices

Delete *This proviso directed the Department to submit a written report by December 1, 2014, describing actions taken to improve certain procurement processes. The report is complete and this proviso is no longer necessary.*

Administrative Law Court

The Administrative Law Court (ALC) was created to provide a neutral forum for fair, prompt and objective hearings related to our jurisdiction. Though the ALC provides an excellent forum for the review of administrative law matters, there is always room for improvement, especially related to the time frames for disposing its cases. All of these developments and years of growth put the ALC in a good position to evaluate our strategic goals and where we go from here.

Provisos

- ✿ There are 6 provisos in this section; the budget proposes to delete 1.

# / ACTION	TITLE / DESCRIPTION
63.1	Special Events Traffic Control
Delete	<i>The proviso prohibits the Highway Patrol from charging a fee for providing traffic control for special events, without the General Assembly's approval. The Highway Patrol estimates that these services currently cost the Department \$647,702 per year in increased overtime and other personnel costs, which is essentially a state subsidy for those events. In 2011, the City of Columbia began to receive reimbursement from the University of South Carolina for providing traffic control; elimination of this proviso would permit the state to begin to receive reimbursement for comparable work.</i>

State Accident Fund

The State Accident Fund is charged with the administration of the workers' compensation program for all state agencies. Creation of the Fund centralized the administration of workers' compensation claims within a single agency, as the State effectively "self-insured" its workers' compensation coverage in the same manner as most large private businesses. Today the agency serves nearly 700 employers and 200,000 employees throughout the state.

Department of Labor, Licensing and Regulation

On February 1, 1994, the South Carolina Legislature created the South Carolina Department of Labor, Licensing and Regulation (LLR) which merged the Department of Labor, the State Fire Marshal's Office, the South Carolina Fire Academy, and 40 professional and occupational licensing boards into a new agency. Over the course of twenty years, several professional and occupational licensing boards merged, at least one board was abolished, and other panels and programs, namely Massage/Bodywork, Boiler Registration, and Dietetics were added. In 2010, the Legislature transferred the Soil Classifiers Advisory Council and the Board of Landscape Architectural Examiners from the Department of Natural Resources to LLR. Currently, LLR administers more than 70 programs, from Occupational Safety and Health to professional and occupational licensing to educating the fire service. The mission of LLR is to promote and protect the health, safety and well-being of the public through regulation, licensing, enforcement, training and education.

Department of Employment and Workforce

The South Carolina Department of Employment and Workforce is responsible for paying unemployment insurance benefits, collecting unemployment taxes, helping people find jobs, matching businesses with qualified candidates, and collecting and disseminating state/federal employment statistics. The agency's main goal is to match jobseekers with employers quickly, efficiently, and effectively, and we offer a variety of services to assist both groups. The agency's mission is to promote and support an effective, customer-driven workforce system that facilitates financial stability and economic prosperity for employers, individuals and communities.

Recommended Appropriations

The Governor's FY 2015-16 Executive Budget recommends:

- ✿ Establishing a direct-training employment fund under the Department in partnership with local businesses, economic development officials, and training institutions.

Provisos

- ✿ There are 7 provisos in this section; the budget proposes to amend 1 for technical reasons and establish 1.

Department of Transportation

The South Carolina Department of Transportation (SCDOT) is responsible for the systematic planning, construction, maintenance, and operation of the state highway system and the development of a statewide intermodal and freight system ... the goal of the Department is to provide adequate, safe, and efficient transportation services for the movement of people and goods. SCDOT is accountable for operating and maintaining over 41,000 miles (90,000 lane miles) of roads and over 8,400 bridges, ranking SC as the fourth largest state-owned highway system in the nation according to the Federal Highway Administration (FHWA).

Recommended Appropriations

The Governor's FY 2015-16 Executive Budget recommends:

- ✿ Permanently allocating \$61,400,000 from the motor vehicle sales tax to the Department of Transportation for the maintenance of our state's road system.
- ✿ A one-time allocation from the Capital Reserve Fund for \$433,300 to maintain the state's road salt infrastructure.

CAPITAL RESERVE FUND	
Statewide Salt Sheds	\$ 433,300

Provisos

- ✿ There are 14 provisos in this section; the budget proposes to codify 6, and delete 4.

# / ACTION	TITLE / DESCRIPTION
84.1	Expenditure Authority Limitation
Codify	<i>This proviso allows the Department to carry balances forward, but also sets a ceiling on the agency's annual expenditures. The Executive Budget supports the Department's request to codify this proviso.</i>
84.2	Special Fund Authorization
Codify	<i>This proviso authorizes the Department to, in association with the State Treasurer, establish special funds when "advisable for proper accounting purposes." The Executive Budget supports the Department's request to codify this proviso.</i>
84.5	Document Fees
Codify	<i>This proviso authorizes the Department to establish a fee schedule for providing documents with the fees to be based upon the actual cost of providing those materials. This authorization should be made permanent.</i>

84.6 Meals in Emergency Operations

Codify *Several agencies currently have provisos enabling them to cover the costs of employees' meals whenever they are not permitted to leave their stations and are required to work during actual emergencies, emergency situation exercises, and when the Governor declares a State of Emergency. The Executive Budget proposes to codify this provision wherever it appears out of respect to the state's first responders.*

84.7 Rest Area Water Rates

Codify *The proviso gives the Department's rest areas access to in-district water and sewer rates wherever that privilege has not already been granted.*

84.10 Hanahan Permit Negotiation

Delete *The proviso directed the Department to initiate intergovernmental negotiations relating to a specific permit in the City of Hanahan and to produce a report by September 30, 2014. These actions have been completed.*

84.11 Horry-Georgetown Evacuation Route

Delete *This proviso dedicates \$500,000 to a project that has not been funded per the prioritization requirements of Act 114. This proviso should be deleted to allow the Department to address projects in their proper prioritized order.*

84.12 I-74 Funds to Horry-Georgetown Evacuation Route

Delete *This proviso mandated a one-time transfer that will be completed in FY 2014-15. This proviso is no longer necessary.*

84.13 Pedestrian Overpass

Delete *This proviso requires the Department to perform a feasibility study for a pedestrian overpass at the intersection of the Septima P. Clark Parkway and Coming Streets in the City of Charleston. The study was required to be completed by January 1, 2015, making this proviso unnecessary.*

Provisos

- ✿ There are 33 provisos in this section; the budget to codify 4, delete 6, amend 3, and establish 3.

# / ACTION	TITLE / DESCRIPTION
93.8	Continuum of Care Carry Forward
Codify	<i>This proviso allows the Continuum of Care program to carry balances forward in order to provide continuity of service. The Executive Budget proposes to codify this proviso.</i>
93.11	Crime Victims Ombudsman
Amend	<i>This proviso directs annual transfers from the State Office of Victims' Assistance to the Crime Victims' Ombudsman. The Executive Budget supports the Department's recommendation to increase this intra-agency transfer.</i>

93.13	Outside Legal Counsel
Delete	<i>This proviso is a carry-over from duplicative constraints placed on the Office of Executive Policy and Programs for obtaining outside legal counsel. In the event that the Department must obtain outside legal counsel, it will be subject to the customary requirements imposed on every state agency. This proviso is no longer necessary.</i>
93.14	Inspector General Support Services
Amend	<i>This proviso prohibits the Department from providing support services to the Office of Inspector General. The Executive Budget proposes to amend the proviso by only prohibiting the Department from providing uncompensated support services to the Inspector General. This will allow the Inspector General to take advantage of finance, Human Resources, and Information Technology services offered by the Department.</i>
93.16	State House Operation & Maintenance Account
Codify	<i>This proviso requires that funds appropriated for the operations and maintenance of the State house be maintained in a separate account, as has been the case for more than a decade.</i>
93.17	Wireless Communication Tower
Delete	<i>This proviso directs the Budget and Control Board to coordinate tower and antenna operations within the State. The Executive Budget supports the Department's request to delete the proviso and transfer responsibility for tower and antenna operations to ETV.</i>
93.18	Compensation – Reporting of Supplemental Salaries
Codify	<i>This proviso prohibits salary supplements without the prior approval of agency heads or their designees, and directs the Human Resources Division to establish policies and procedures for the associated reporting requirements.</i>
93.21	Military Service
Codify	<i>This proviso permits permanent full-time state employees serving on active duty as a result of an emergency or Presidentially-declared conflict to use accumulated leave as annual leave, in excess of the typical limits.</i>
93.22	Antenna and Tower Placement
Delete	<i>This proviso directs that antennas and towers only be placed on higher education campuses in conformity with those institutions' master plans and has been in effect since FY 2003-04. The Executive Budget supports the Department's request transfer responsibility for this proviso to ETV.</i>

93.24	Employee Compensation
Amend	<i>This proviso increased state employee salaries by two percent during the last fiscal year. The proviso needs to be updated to reflect the absence of a funded pay increase for FY 2015-16</i>
93.28	Other Fund Authorization Increase
Delete	<i>This proviso directs the Executive Budget Office to review Executive Branch agencies to determine whether their budgets warranted an Other Funds authorization increase as a result of the salary increase contained in 93.24. The review has been completed and the proviso is no longer necessary.</i>
93.29	Restructuring Act Carry Forward
Delete	<i>This proviso grants carry forward authority for general funds appropriated for agencies whose effective dates in Act 121 of 2014 precede full implementation of the Act. These funds have been carried forward and allocated. As a result, the proviso is no longer necessary.</i>
93.30	Budget and Control Board Approval
Delete	<i>This proviso directed the Executive Budget Office to obtain approval from the Budget and Control Board before carrying out functions, duties, authorities or responsibilities transferred to it by the South Carolina Restructuring Act of 2014. The Executive Budget Office will be incorporated into the Department of Administration in FY 15-16, making this proviso no longer necessary.</i>
93.31*	Holidays
Establish	<i>This proviso allows the Office of Human Resources to declare observation dates for legal holidays referenced in §53-5-10 should that legal holiday fall on a weekend.</i>
93.32*	Nuclear Advisory Council
Establish	<i>The Nuclear Advisory Council has traditionally been supported by a fund currently administered by the Office of Regulatory Staff. Since the Department of Administration has retained staffing responsibilities for the Council pursuant to Act 121 of 2014, this proviso ensures that the Council's traditional funding source remains available.</i>
93.33*	Emerging Leaders Program
Establish	<i>This proviso establishes a program within the Department of Administration to identify and recruit talented leaders to serve in state government.</i>

GOALS AND OBJECTIVES

-  The Department of Administration is established effective July 1, 2015 and has not yet filed an Agency Accountability Report.

Comptroller General's Office

The Comptroller General's Office is a true "service and support agency" of state government. In essence, it's an extension of the "back office" of all other agencies. The Office also offers fiscal and accounting advice to state agencies and local governments, and it reports each year on the financial operations and conditions of state government. The Comptroller sits on the five-member State Budget & Control Board, the oversight agency that plays a central role in the management of state government.

General Provisions

Provisos

- ✿ There are 120 provisos in this section; the budget proposes to amend 17 (including 10 for technical reasons), codify 13, delete 9, and establish 1.

# / ACTION	TITLE / DESCRIPTION
117.2	Appropriations From Funds
Amend (Technical)	<i>This proviso identifies the state funds from which resources have been appropriated by this bill. It contains a fiscal year reference that must be updated annually.</i>
117.3	Fiscal Year Definitions
Amend (Technical)	<i>This proviso identifies the terms and periods for which funds are being appropriated by this bill.</i>
117.6	Case Service Billing Payments Prior Year
Codify	<i>This proviso allows agencies receiving case services funds to pay against prior year billings with current year funds, even if the prior year's books have been closed.</i>
117.13	Discrimination Policy
Codify	<i>The Executive Budget supports the Department of Administration's request to codify this proviso, which reaffirms the state's commitment to equal employment opportunity.</i>
117.14	Personal Service Reconciliation, FTEs
Amend	<i>This proviso defines the process through which FTEs are managed by the Budget and Control Board. Ultimately, this process offers no real benefit for the taxpayers, since vacant positions have no fiscal impact; truly controlling the cost and size of government means managing dollars, not FTEs. To relieve them of the administrative burden of complying with this process, the Executive Budget proposes to amend this proviso to exempt the state's institutions of higher learning from it. The Executive Budget further proposes amendments to eliminate the requirement that the Governor's Executive Budget provide 97% funding for all authorized FTEs.</i>
117.16	Universities & Colleges - Allowance for Presidents
Codify	<i>This proviso prohibits the payment of fixed allowances for the personal expenses of various university presidents.</i>

117.24 TEFRA – Tax Equity and Fiscal Responsibility Act

Codify *This proviso expresses the General Assembly's desire that the Medicaid program offer benefits to disabled children under the TEFRA option. This has been state policy for many years.*

117.31 State DNA Database

Codify *This proviso directs criminal justice agencies collecting funds to process DNA samples to transfer those funds to SLED to offset the costs of the DNA Database program.*

117.32 Voluntary Separation Incentive Program

Codify *The Executive Budget supports the Department of Administration's request to codify this proviso, which allows agencies, in conjunction with the Human Resources Division, to provide separation incentive payments to employees.*

117.39 COG Annual Report

Codify *This proviso requires annual reporting by Councils of Government on their uses of state funds.*

117.44 DMV Data

Codify *This proviso directs the Department of Motor Vehicles to provide the Department of Transportation with access to certain reports, free of charge.*

107.47 Insurance Claims

Codify *This proviso establishes that any insurance reimbursement to an agency may be used to offset expenses related to the claim and allows such funds to be retained, expended and carried forward. The proviso should be codified.*

117.48 Organizational Charts

Codify *The Executive Budget supports the Department of Administration's request to codify this proviso, which requires agencies to produce organizational charts annually.*

117.56 FEMA Flexibility

Amend *This proviso allows for the use and carry-forward of funds appropriated as state share for federally declared disasters for which the state received federal financial support. The Executive Budget supports the Adjutant General's request to use these funds to aid in managing disasters that do not meet federal declaration thresholds.*

117.63 CID & PCC Agency Head Salaries

Codify *This proviso applies Agency Head Salary Commission procedures to the Commission on Indigent Defense and the Prosecution Coordination Commission.*

117.65	Attorney Dues
Codify	<i>This proviso allows agencies to use appropriated funds to pay employees' mandatory dues to the South Carolina Bar Association.</i>
117.73	Printed Report Requirements
Amend (Technical)	<i>The proviso allows a number of agencies to submit reports electronically, instead of in paper, as required by permanent law. The fiscal year references in the proviso need to be updated.</i>
117.74	IMD Operations
Amend	<i>This proviso directs all state agencies that place children in certain group homes or institutional settings to provide reports to the General Assembly on their activities annually. The Executive Budget supports the Department of Health and Human Services' request to remove the Department as the reviewing agency, given SCDHHS' limited role in tracking Medicaid-only patients.</i>
117.81	Reduction in Compensation
Codify	<i>This proviso prevents punitive action against an employee, solely for his or her sworn testimony before a legislative committee.</i>
117.82	Deficit Monitoring
Amend	<i>This proviso establishes the deficit monitoring process for state agencies. The Executive Budget supports the Department of Administration's request to amend the proviso to conform the process to the implementation of the South Carolina Restructuring Act of 2014.</i>
117.84	Bank Account Transparency and Accountability
Amend (Technical)	<i>The Executive Budget supports the Comptroller General's request to standardize the reference to SCEIS as the statewide accounting system.</i>
117.89	Recovery Audits
Amend	<i>This proviso directs state agencies to participate in recovery audits, to identify and recapture any overpayments. Given that the overwhelming majority of state agencies and institutions of higher learning have not had a single overpayment identified during the recovery audit process these agencies and universities should be spared the administrative burden of participating in this process. The Executive Budget's proposed amendments would also direct recoveries to the Tax Relief Reserve Fund.</i>
117.90	Funds Transfer to ETV
Amend (Technical)	<i>This proviso controls the transfer of funds to the Educational Television Commission for a range of services provided to other agencies. It contains a date reference that must be updated.</i>

117.92	Means Test	
Amend (Technical)		<i>This proviso directs agencies providing healthcare services to file reports on the opportunities to apply means testing by January 1, 2014. The reporting deadline must be revised if the report is to be updated on a regular basis.</i>
117.93	Agency Reduction Management	
Delete		<i>This proviso identifies general priorities for agencies to consider whenever assessed a base reduction. These basic priorities should be self-evident. Furthermore, the proviso suggests that an agency should implement furloughs and pay reductions before it seeks to “eliminate administrative overhead cost that does not directly impact the agency’s mission.” The latter should be a higher priority in any year, regardless of whether reductions are imposed.</i>
117.94	WIA Service Advertising	
Amend (Technical)		<i>This proviso establishes parameters for the Workforce Investment Boards’ marketing of their programs. It contains a fiscal year reference that must be updated.</i>
117.95	WIA Training Marketability Evaluation	
Amend (Technical)		<i>This proviso directs the Department of Employment and Workforce to provide annual reports on how funds have been expended to provide marketable skills work training as well as the agency’s internal restructurings in the prior year. It contains a fiscal year reference that must be updated.</i>
117.96	Victims Assistance Transfer	
Amend		<i>This proviso directs the Department of Corrections to transfer \$20,500 each month to the Department of Public Safety through the Victims Assistance Program. The Executive Budget supports the Department’s clarifying language that requires this transfer to be up to the amount actually received in payments by the Department.</i>
117.98	USC Greenville Medical School	
Amend (Technical)		<i>This proviso prohibits the use of General Funds to support the new medical school in Greenville. It contains a fiscal year reference that must be updated.</i>
117.103	First Steps Reauthorization	
Delete		<i>Act 287 of 2014 reauthorized the Office of First Steps to School Readiness for two years making this proviso unnecessary.</i>
117.104	Sexually Violent Predators Treatment RFP	
Delete		<i>This proviso required that a Request for Proposals be issued by October 31, 2013 for the housing and treatment of sexually violent predators. The required procurement has been released.</i>

117.105	Prohibit Use of State Aircraft for Athletic Recruitment
Amend	<i>This proviso was established in FY 2013-14 to prevent institutions of higher learning from using state aircraft to conduct athletic recruitment. The Executive Budget would create an exception for cases in which an institution reimbursed the Division of Aeronautics on an at-cost basis, using non-state funds.</i>
117.108	Fiduciary Audit
Delete	<i>This proviso requires the Public Employees Benefit Authority (PEBA) to transfer \$700,000 to the Inspector General to hire a private auditing firm to audit PEBA as required by 9-4-40 of the 1976 Code. The Executive Budget proposes to delete the proviso and allow permanent law to control the Inspector General's review of PEBA.</i>
117.109	Donation of Alcoholic Liquors
Delete	<i>This proviso authorized wholesalers to donate alcoholic beverages to nonprofit organizations in association with an event that has already been held.</i>
117.111	State Ports Authority Property
Delete	<i>This proviso transfers responsibility for selling certain property on Daniel Island and Thomas Island among state agencies by June 30, 2015, in an attempt to facilitate a sale. Under either circumstance, the action will be completed by June 30, 2015, and this proviso will no longer be necessary.</i>
117.114	South Carolina Welcome Centers
Delete	<i>This proviso required the Department of Parks, Recreation and Tourism (PRT) and the Department of Transportation (DOT) to enter into a Memorandum of Understanding transferring control of South Carolina Welcome Centers to PRT on July 1, 2014. The proviso also required DOT to transfer funds to PRT to pay for maintenance and upkeep at the Welcome Centers. This Memorandum was executed and a funding mechanism has been established making this proviso no longer necessary.</i>
117.117	Information Technology Disaster Recovery
Delete	<i>This proviso requires the Budget and Control Board to prepare a report by March 15, 2015 with recommendations for a statewide information technology disaster recovery plan. Once this report is complete, the proviso will no longer be necessary.</i>
117.118	Information Technology and Information Security Plans
Amend (Technical)	<i>This proviso requires state agencies to submit technology and security plans to the Department of Administration by October 1 of each year. The Executive Budget recommends moving this date forward to coincide with the annual budget planning exercise.</i>

117.119 Detail Budget Preparations

Delete *This proviso directed the Executive Budget Office to prepare a detail budget that reflects agency restructuring under Act 121 of 2014, a one-time occurrence. This proviso is no longer necessary.*

117.120* Employment Training Outcomes Data Sharing

Establish *This proviso directs the State Department of Education, institutions of higher education, and other state agencies providing training for employment outcomes to enter into a Memorandum of Agreement with the South Carolina Department of Employment and Workforce to share student data to determine employment outcomes following training.*

# / ACTION	TITLE / DESCRIPTION
118.1	Year End Expenditures

The Executive Budget supports the Comptroller General's request to amend the title of the proviso to "Year End Cutoff" to better describe the proviso.</i>
118.2	Titling of Real Property
Amend	<i>This proviso calls for the establishment of a centralized real estate process for many agencies, but exempts institutions of higher learning and other authorities from complying. The Executive Budget proposes to delete language corresponding to the Halton Road project discussed in Proviso 1.35 (Replacement Facilities).</i>
118.4	Criminal Justice Academy Funding
Delete	<i>This proviso levied a surcharge on certain misdemeanor fines for the purpose of funding the South Carolina Criminal Justice Academy. Act 247 of 2014 codified this into permanent law, making this proviso no longer necessary.</i>
118.5	Increased Enforced Collections Carry Forward
Delete	<i>Enforced collections are now accounted for in the General Fund revenue estimate and are appropriated accordingly in the Executive Budget. Any funds remaining since 2010 should have been expended by agencies, negating the need for this proviso to continue.</i>

Amend (Technical)	<i>This proviso established the Tax Relief Reserve Fund so that it might be used to fund tax relief for businesses and individuals. It contains a date reference that must be updated.</i>

Dear Governor Haley,

This letter is in response to a request made on your behalf by staff for a revenue impact of transferring the additional one-half of the sales tax collected from the sale of automobiles from the state General Fund to the Department of Transportation.

Act 98 of 2013 allows fifty percent of the revenues derived from the sale of motor vehicles pursuant to Sections 12-36-2620(1) and 12-36-2640(1) to be redirected from the state public school building fund and credited to the State Non-Federal Aid Highway Fund. This transfer only affects the four percent component of the sales and use tax in the General Fund. This does not affect EIA Fund revenue collections. According to the Department of Revenue, this transfer amounted to a reduction in General Fund sales and use tax revenue of \$59,543,949 and a concomitant increase in State Non-Federal Aid Highway Fund revenue in FY2013-14.

Based upon the latest data on automobile sales, the Board of Economic Advisors' maximum sales and use tax cap model suggests automobile sales and use tax revenue of an estimated \$153,000,000 in FY2015-16. Of this amount, fifty percent less the EIA hold harmless amount, or \$61,400,000, would be transferred to the State Non-Federal Aid Highway Fund in the Department of Transportation. If the remaining fifty percent were to be transferred for like purposes, General Fund sales and use tax would be reduced by an additional \$61,400,000 and the State Non-Federal Aid Highway Fund would be increased by an additional \$61,400,000 in FY2015-16. A table describing the annual and cumulative transfer amounts for the next ten fiscal years has been provided. Revenue estimates in future periods utilize the latest historical ten-year average of automobile sales. These estimates are subject to change based upon newly released data and forecasts. It may also be important to note that automobile sales are at a relative

peak period and future expectations are that sales will remain stable or even decline in the next few years.

If we may be of any further assistance, please advise.

Sincerely,
