Southern Regional Educational Board
State Doctoral Scholars Program

The following states participate: **Alabama, Arkansas, Georgia, Kentucky, Louisiana, Maryland, South Carolina, Virginia** and **West Virginia**. Only scholars in eligible institutions in these states should be applying through our online application—except Louisiana (they conduct their own competition).
In 1993, SREB established the SREB-State Doctoral Scholars Program to address the lack of diversity in academic classrooms. The goal of the Doctoral Scholars Program is to increase the number of underrepresented minority scholars who earn doctorates and choose to become faculty at colleges and universities. We have supported >1,900 scholars who have earned almost 1,200 degrees and attended 108 institutions in more than 30 states.
