I hope the spring finds everyone well and enjoying the warmer weather. Some updates for you all: In the May 2012 newsletter I mentioned we had a promotional video about our program on our website. I hope by now you’ve had a chance to view it and have shared it with your family, friends and colleagues — if not, there’s no time like the present. The Doctoral Scholars Program (DSP) is pleased to announce the upcoming release of another promotional video. This video will have as its focus the annual Institute on Teaching and Mentoring, which is hosted by SREB.

In speaking with some of the recent completers and program graduates in the past months, I have been reminding everyone about the importance of giving back to the program that gave to you. To those who have responded, THANK YOU! Many of you had the opportunity to use professional development funds during your matriculation through the program. These funds, unfortunately, are diminishing. We do not get money from states to support this fund. Therefore, I want to challenge all of you, especially you program graduates, to participate in the “Giving Back Campaign” right now. Please do not put it off. It is an important mark of your success and professionalism. Everyone always asks me, “What can I do to help?” Well, this is it!

The current amount in the “Giving Back” fund is $30,748. We had a goal of $50,000. We want to keep that goal, but there is now a new wrinkle. There is now a way for us to skyrocket this fund to a total of $100,000! For this to happen, we have to raise $50,000 in order to receive a $50,000 match. To make this match even more attractive, we can build upon the $30,748 already collected in the “Giving Back Campaign.” This means we only need to raise $19,252 to generate $100,000 in Professional Development funds. The only stipulation is that we must raise these funds by April 1, 2014.

This is a deal we cannot afford to pass up! So, I am asking— no, challenging — all of you to contribute—and DO IT TODAY! Think seriously about the amount you can give and please contact your family, friends, colleagues, etc., who are aware of the value of this program.) Remember, all donations are tax-deductible —
and with more than 650 graduates, the amount we desperately need is less than $100 per graduate. Let’s ensure that future DSP scholars have the same opportunity that you did to grow and mature as they pursue their Ph.D.s.

Thank you again to those who have already given to this unique opportunity for our program. These monies go directly to scholars. Please take a moment and click on the link for the “Giving Back Campaign” to learn more: http://www.sreb.org/page/1492/contribution.html.

As you all know, our annual Institute on Teaching and Mentoring is approaching this October. This year is the 20th anniversary of this gathering, which is now the nation’s largest gathering of underrepresented minority Ph.D. scholars in the nation. As always, all of our scholars and program graduates are invited to attend.

The 2013-2014 Fellowship Award applications have been pouring into the office. The deadline to apply was April 1. Most SREB states will hold firm on their support, while some states are feeling the budget cuts. We hope to add about 60 new fellows to the program.

Through Relevant and Useful Information in Order to Prepare You for a Successful Future.

IMPORTANT THINGS FOR CURRENT SCHOLARS TO REMEMBER

Scholar Responsibilities

- Notify the Doctoral Scholars Program immediately regarding any change in contact information, enrollment, employment or academic status. E-mail Tammy Wright at tammy.wright@sreb.org.

- Send in a grade report or dissertation progress report each semester to Tammy Wright.

- Maintain full-time enrollment for ALL semesters while being actively funded.

- Attend the annual Institute on Teaching and Mentoring each fall. If you have any questions, e-mail Nicole Schimmel at nicole.schimmel@sreb.org

- Get your Ph.D. and join the professoriate!

**Grades and Dissertation Updates**

This is just a reminder that grades are due each term. In the last newsletter, we advised all scholars that only two e-mail requests for grades and dissertation updates will be sent before stipends are withheld.

- Grades should be e-mailed each term.

- Grades should include your term GPA and overall GPA.

- If you take research hours or dissertation hours that are pass/fail, you must send a short narrative.

- Dissertation scholars should submit a short narrative outlining your progress this term and plans for the next term. Any hardships or breakthroughs, presentations, etc., that are noteworthy also should be included. Please include your anticipated final defense date in your narrative.

Remember that when you defend your dissertation and the committee signs off, we consider you a program graduate. We understand that sometimes the committee will sign off even with changes to be made … but if you get the signatures, we consider you a completer. Please contact SREB as soon as you defend or have a scheduled date. This is very important as we keep a calendar, and your specific defense date and time are posted on this calendar. This allows us to track your progress, and it is very exciting for us to see the calendar covered with defense dates.

Other Guidelines

- You MUST advise SREB if you are not a full-time student. Also notify SREB if you are doing an audit, independent study or research hours.

- You MUST NOT be employed under any circumstances outside the department, part time or full time, without notifying SREB. Any employment in the department must be reported and approved.

- You MUST report any additional funds earned while receiving program support, including scholarships, fellowships, assistantships, grants or other monies, regardless of when you receive the funds.

While we could not profile all of our graduates, we are so proud of all of you! The publication can be viewed on our website as well.

Please don’t forget to submit your accomplishments, publications, personal milestones, etc., to nicole.schimmel@sreb.org.
