8. The institution agrees to work with its home state’s portal entity to resolve any complaints arising from its students in SARA states, and to abide by decisions of that entity.

9. The institution applies to its home state’s portal entity for renewal over the signature of the institution’s CEO or chief academic officer.

10. The institution agrees to notify in writing all students in a course or program that customarily leads to professional licensure, or which a student could reasonably believe leads to such licensure, whether or not the course or program meets requirements for licensure in the state where the student resides. If an institution does not know whether the course or program meets licensure requirements in the student’s state of residence, the institution may meet this SARA requirement by informing the student in writing and providing the student the contact information for the appropriate state licensing board(s). An e-mail dedicated solely to this purpose and sent to the student’s best known e-mail address meets this requirement. The institution should use other means to notify the student if needed.

11. The institution agrees, in cases where the institution cannot fully deliver the instruction for which a student has contracted, to provide a reasonable alternative for delivering the instruction or reasonable financial compensation for the education they did not receive.

12. The institution agrees to pay to the state any state fees for SARA participation required by the home state for administering SARA.

13. The institution agrees to pay its annual SARA participation fee to the National Council for SARA (NC-SARA). This single annual fee replaces any fees that the institution would ordinarily pay to other SARA member states.
