

# SREB School Improvement Services

The **Southern Regional Education Board** works with educators and state and district education agency personnel in Florida and nationwide to provide support for continuous school improvement, rigorous curricula and instructional practices, teacher induction, professional development and instructional coaching services, technical assistance and program evaluation.

SREB's **Making Schools Work school improvement process** for **elementary grades, middle grades, high schools** and **technology centers** is grounded in research showing that increased achievement starts with motivating students to succeed. Making Schools Work employs a distributed leadership approach to involve the whole school in identifying problems of practice and developing plans to solve them.

**Ten Key Practices** structure SREB's school improvement process:

- Student Engagement
- Teacher Collaboration
- Integrated Curriculum
- Programs of Study
- Access and Equity
- Work-Based Learning
- Guidance and Advisement
- Interventions and Enrichments
- Culture of Continuous Improvement
- High Expectations

**Florida districts and schools may partner with SREB for any of these services:**
