Three federal statutes that provide funding for ed tech

Every Student Succeeds Act, 2015 (ESSA)

- K-12 education
- Academics, well-rounded education
- College and career readiness
- Read the legislation [here](#).

Perkins V, 2018 (Perkins)

- Career and technical education (CTE)
- Secondary and postsecondary, youth and adults
- College and career readiness
- Read the legislation [here](#).

Workforce Innovation and Opportunity Act, 2014 (WIOA)

- Secondary and postsecondary education
- Youth and adults
- Workforce training, career readiness and success
- Economic development
- Read the legislation [here](#).

***WHY* should state leaders care about integrating ed tech across ESSA, Perkins V and WIOA?**

Because if they do, states can

- streamline **data and information** spanning early childhood through workforce
- shape disparate **programs and services** into a coherent system
- support **educators** in learning together and sharing resources and ideas
- use their **funds** more efficiently and effectively

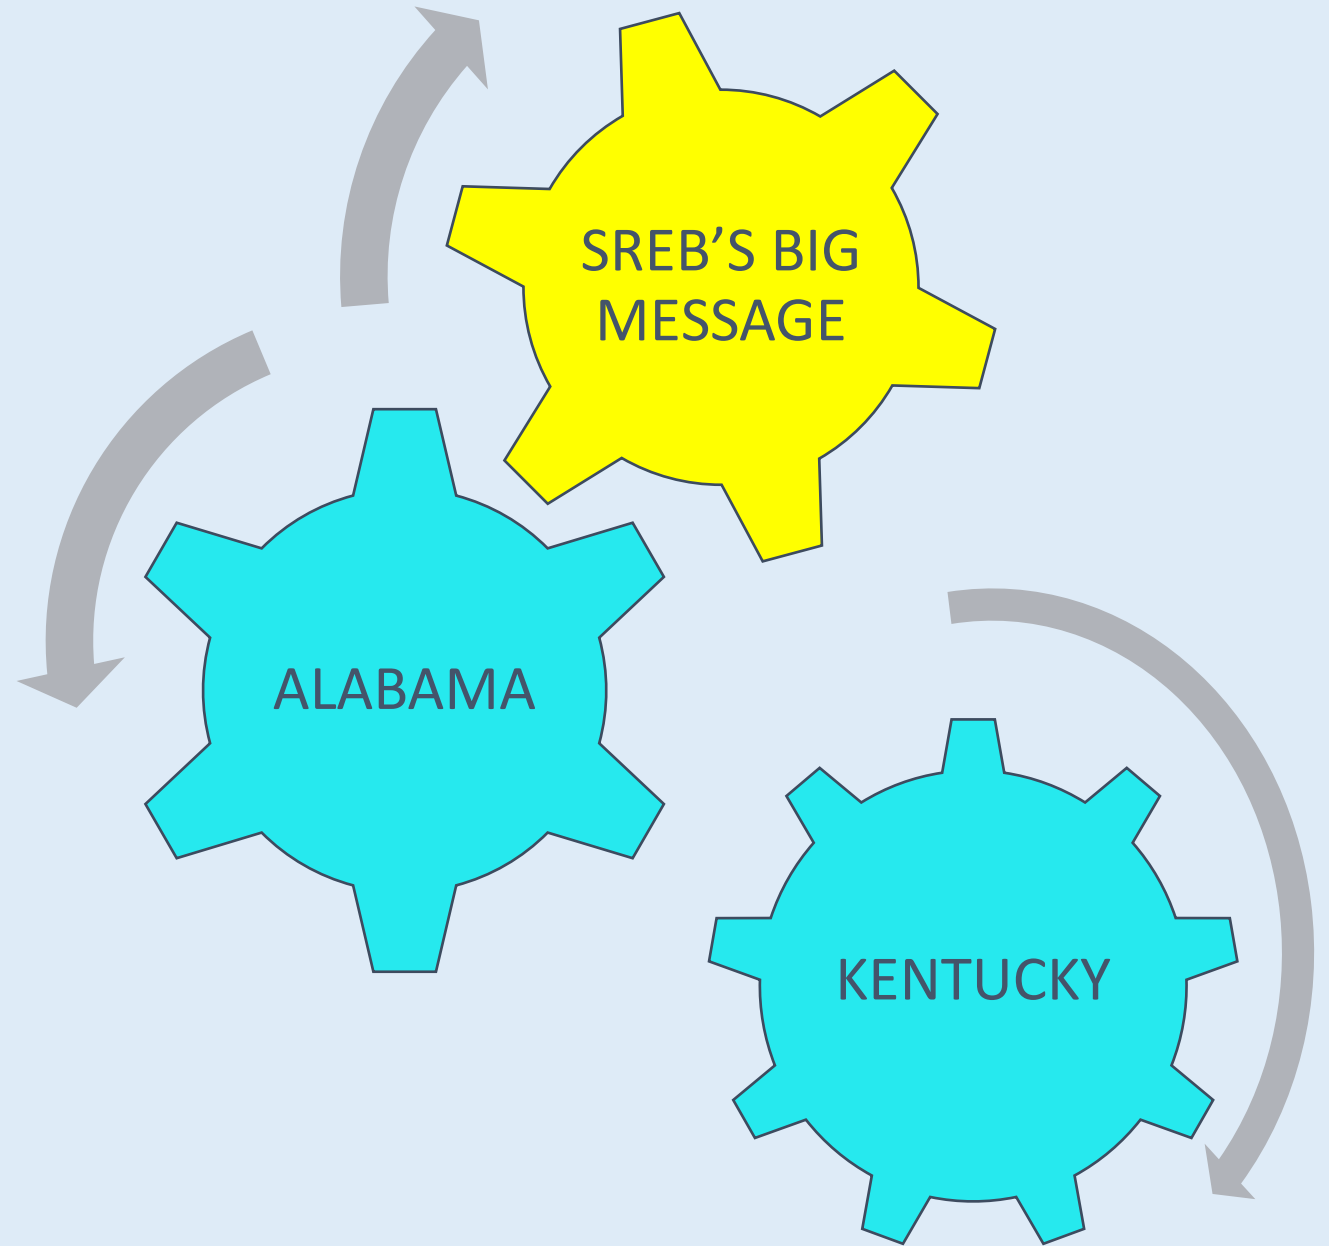

NOW IS THE TIME!
In 2019 and 2020, states submit or revise all 3 plans!

...and members of the public can

- better **understand** the educational opportunities available to them throughout their lifespan
- **experience** stronger educational programs that support their journeys toward success in school, careers and life

- SREB mini-webinar #1: Grant governance must be coordinated across the statutes
- SREB mini-webinar #2: Programs use ed tech in the same ways
- SREB mini-webinar #3: Educators must attend to equity
- SREB mini-webinar #4: Programs strive to meet overlapping accountability indicators, states report on outcomes in similar ways, and educators undertake similar actions to continuously improve with the same types of state support
- Ed tech supports all this in overlapping ways
- The statutes enable states to coordinate their plans

...**Why not unify the use of ed tech in K-12, CTE and workforce training?**
