# Professional Learning Platform & Personalized Collaboration

Teaching Channel Plus gives you the ability to **build a private, online professional learning community** that can be customized to your team's needs. Our platform allows you to collaborate with your colleagues, provide teachers with individualized coaching, and pursue personalized professional learning. We provide you with an ecosystem of tools, content, and resources to fully support educator growth.

- Personalize one of our [existing learning plans](#) or build your own using our vast content library
- Integrate Teaching Channel videos, resources, personal teaching practice footage, and more into your professional learning program
- Divide your team into smaller groups or work with individuals to provide every educator with the most relevant, personalized tools for success
- Access the facilitator dashboard to track progress, measure engagement, and personalize learning opportunities for your educators

# Video Library

Get unlimited access to Teaching Channel's [1,400+ video library](#). All of our videos have been carefully vetted by content experts to ensure they showcase **current techniques, model best teaching practices, and provide immediate ideas** to support student learning.

- Integrate Teaching Channel videos into your educators' learning cycle or assign specific videos to individual teachers
- Sort by grade-level (K-12), subject area, or by topics such as New Teachers, Classroom Management, Technology in the Classroom, and more
- Watch our new "Uncut" video series. These full-length, unedited videos provide a real view into classrooms by showing every minute of a lesson
- Annotate, tag, and share videos with colleagues to unpack practice and discuss concrete takeaways

# Teaching Channel Recorder App

All Teaching Channel Plus subscribers get access to the Teaching Channel Recorder App. Educators can use the app on a smartphone or tablet to **record their classrooms, edit their footage, and upload the videos** to their private team.

- Record, edit, and upload all through the Recorder app
- Review, annotate, tag teaching practices, and provide feedback to peers
- Build a personal video library to track progress and growth

Teaching Channel Plus has **allowed our teachers to become more reflective.**

One of the things I love about Tch Plus is that there's an opportunity to **ask questions and get answers** or ask questions and let them marinate and find resources to dig deeper. Teachers crave these opportunities.
